

TUNDRACROSS / ULTRACROSS

**WINTER,
GENERAL PURPOSE
ICE, SNOW,
FROZEN SOIL**

Nearly 100 16mm carbide tipped steel case studs.

**SMOOTH TERRAIN,
GENERAL PURPOSE
HARD SURFACES,
HIGHER SPEEDS**

TUNDRACROSS

- The Atv/UTV industry's first production snow and ice tire!
- Nearly 100 carbide 16mm tipped steel case studs are strategically placed for maximum performance on ice and snow.
- Based on ITP's highly successful TerraCross R/T XD design.
- Fully sipped (thinly cut) lugs result in more traction grabbing edges and maximum traction in loose, slippery conditions.
- 4 ply bias construction is lightweight and offers exceptional flotation to keep the tire on top of the snow.
- Proven Rim Guard keeps snow and ice out of the bead area and protects the wheel lip.

SIZE	DESCRIPTION	PART #	MSRP
25-9-12	Tundracross	560044	\$139.95
25-10-12	Tundracross	560045	\$143.95

ULTRACROSS

- **15 INCH SIZE!**
- Low profile design provides superior handling on smooth, hard surfaces.
- Tightly spaced, overlapping tread pattern lowers rolling resistance and enhances ride comfort.
- Computer designed tread pattern to reduce rolling noise levels.
- 6 ply radial construction and a new, more durable rubber compound delivers longer wear and enhanced cut resistance.
- Super deep Rim Guard feature offers the best wheel lip protection in the business, and still surprisingly light!

SIZE	DESCRIPTION	PART #	MSRP
26-10R-15	Ultracross	560550	\$181.95
