- MP3 input cable
- Heavy Duty mounting straps

Part # - XT-XSTUBE MSRP- \$284.44

Xtreme Rear Chassis Brace

These braces strengthen the frame and suspension mounting points, and help eliminate flex caused by suspension loads.

Part # See Below MSRP:- \$39.00

Availible for:	Year:	Part #:
Kawasaki Teryx	08-up	XT-XCBTeryx
Polaris Ranger	05-up	XT-XCBRanger
Polaris RZR	08-up	XT-XCBRZR
Yamaha Rhino	04-up	XT-XCBRhino

Rhino Rear Skid Plate / Differential Support

This plate anchors the rear differential and keeps it from flexing which helps to prevent cracks in the diff, frame and motor.

Since the differential is only supported at the top and not the bottom it has a tendency to "torque" under a load.

Acts as a Skid Plate to prevent limbs, rocks and other debris from getting to the parking brake linkage causing problems.

Available for: Year: Part #: MSRP
 Yamaha Rhino 04-up XTYRSKID \$75.04
