Sunline Handle Guards

- Unique mounting system allows rider to adjust levers independent from hand guards.
- Aluminum mounting brackets feature the same Teflon sleeve as our rotator clamps allowing the handguards to move out of the way instead of breaking the bracket.
- New wider plastic guard blocks debris, roost and keeps hands warmer in inclement weather.
- The revolving ratchet bracket system keeps the guards in place while allowing them to revolve out of harms way in a crash.
- They then can click quickly back exactly into your present riding position.
- Available in White or Black.
