

BULLDOG ATV

STREET LEGAL LIGHT KITS

Finally! After trying what seems like every possible light, switch and horn on earth we think we found the perfect combination of all the electrical components you will need to get your rig Street Legal.

Street Legal Kit Contains:

- Four Small LED Ultra-Bright lights, 3/4" Diameter with panel mounting grommet.
- Toggle Type Turn Signal Switch, mounts on your dash, not in your way. With Rubber Boot.
- Signal Flasher.
- Signal Indicator, to let you know the signals are on 130db. Horn, loud and proud, not some Tin Horn.
- Horn Button with Rubber Boot.
- License Plate mounting brackets & lighting.
- Plenty of wire to get the job done.
- Fuses and Fuse holders.
- All needed connectors.
- Detailed color diagrams with instructions.
